About an hour ago, I went in my town by the high-way that his still in construction on my bike to see my girlfriend, she was waiting for me outside, and she was crying, I already knew something bad was going on or happened earlier before I arrived.

She couldn't talk to me as she was crying too much ,later , she said she had some bad news for me.

I immediatly asked her : "What is it?"

She simply told me : "Isabelle commited suicide...", then ,she cried again, without stoping...

I was so shocked and sad, Isabelle was my girlfriend when I moved in this town, then ,she became my best friend...I don't know why she did this, but for sure, I don't wanna know how...

Aprime...

I'm terribly sorry for your loss. Take it one step at a time. There are going to be some terribly shocking and horrid news for you in the days to come, so try and prepare yourself for things that don't want to hear (outside what you already know).

My condolences...

I would like to offer my condolences as well. I personally have not had any suicide issues in my family, but I certainly know what it's like to lose a loved one. My heart-felt sympathy goes out to you and Isabelle's family... may God be with you and help you to cope with these difficult times.

Sorry to hear about this bro. Ill say a prayer for you. Best thing to do though is try not to think about it. One of my friends died in a freak skiing accident this winter and it was a very tough thing to deal with--life does go on though. Once again im sorry but at least now you know she is in a better place.

At the risk of seeming callous I'd like to ask two questions:

1. What does the highway being under construction have to do with it?
2. Isabelle used to be your girlfriend, then your friend...was she friends with your current girlfriend as well?

Sorry for your loss. Any ideas why she comitted suicide?

All I can say at the moment is that all the people who knew "Isabelle" will need you, and eachother to be strong for eachother at toe moment.

- 1.Dunno, I was passing there to go see my current gf.
- 2.yes

as for the last question : Yes,appenrently her boyfriend was harrasing her and forcing her to have sex with him.

Her mom asked me to go to court to deffend her case.

P.S:heh, I almost got killed yesterday, I was camping outside and while I was trying to fall asleep, a bear came at approx 1ft. of my camping tent.

That was for sure ,the most scary moment of my life.
