If you have or Have not Herd on Noobstories.com Main page Dos attacks have been slowing down there Servers.

Statement from Crimson:

Quote:[26 Jun 2003]

Crimson:

More DoS attacks

Thanks for bearing with me as the server slows down to more DoS attacks. To the attacker: Whoever you are, please contact me -- use a fake Hotmail if you want. Tell me what I have done to piss you off, and/or what I can do to get you to stop. You have no idea how receptive I can be to find a solution to whatever is making you so angry.

another Side note is,

whatever happens to n00bstories. happens to these Fourms.. so if Noobstories gose down. so dose the Fourms.. Im sure that some of you allready know that.. but if you don't, then now you do.

Hopefully they fall into crimmy's trap :twisted: at least I hope it's a trap cause if they do send her an E-mail she can trace the IP and if they're in the U.S. they can be prosecuted :twisted:

No, it's not a trap. I'm not an attacker. I just want to resolve whatever this person has against me.

Ok, im going to say a few things....

I used to be a network security guy, so these kinda things were my job...

I have helped crimson on the last DoS attack on a guy (only me + crimson and blazer know what i did, unless they told other peeps)

I have also tried helping Blazer on the current DoS attacks and i did something to the wrong guy (opps!)

thats it, no more is needed to be said
