lol, he is probably not avoiding you, think of the reasons he isn't talking to you first...

Scenario 1:

He hasn't come online yet and seen any emails or posts you made for him.

Scenario 2:

He just hasn't had time to get back you yet, so just wait it out a bit, he is only 1 guy!

Scenario 3:

He has no reason to reply back to you.

Scenario 4:

You asked him a stupid question that would be a waste of time to reply to.

Scenario 5:

He actually IS avoiding you.

Just think about them, then reconsider if he is avoiding you or not, remember he is only human

BTW, no offence meant by this, so please don't feel offended!

Hmm, I think I might just release a beta instead. Thanks Dante.

BTW, could you (or get someone appropriate) e-mail or PM me about the specifics of my "duties" to the team?
