SOqKidmatrix stelth mode so no one can see you?

cough No idea mate *cough*

I created the Matrix stealth skin late last year, glad you like it.

Btw, the script mod that i believe you're talking about is the "M08_Enable_Stealth" script. Of course, i may just be talking out my arse. It's a server/host only mod to the cnc_c130drop.txt file, everyone else will still see you clear as normal, not stealthed at all.
