Isn't a Game Master a gaming job? I remember hearing who the old Westwood Game Master was back on the old Ren forums, can't remember who he was or what the job involves.

Hell, I can't even remember how it's spelt, I never hear anything about 'em.

Westwood is the one who assigned Game Masters and since they're gone, there can't be any new ones. I don't think EA is giving anyone that role... they'd just as soon turn off WOL I bet.

But we won't let them, will we.
