Can't you use `<img alt="image" data-bbox="100 550 200 580" style="vertical-align: middle;"/>` instead of an attachment because you will get more replys if people don't have to register to view them.

\_General Havoc

kawolsky

You know, all you had to do was \*not\* post a thing if you weren't going to register to view... So that picture should be directed at you.
