Who thinks it would be a good idea to have an Off topic section in the forum? Where you could talk about anything.

GENERAL forum...

Hate to break it to you. This general forum you can't talk about anything you want. You can talk  
about anything in regards to C&C Renegade... It says it on the main page:

Quote: General Discussion

General discussion of Command & Conquer Renegade

What he means is a board where anything can be talked about, even what you ate for breakfast if  
need be.

This IS the off-topic section. This forum isn't so busy that it needs to be split in two. Just stick OT: in front of the subject like Xtrm2Matt said.
