From: C&C Canyon Modified Released Thread

AircraftkillerI don't want to repeat this again:

SHUT THE FUCK UP - NO ONE FUCKING CARES ABOUT YOUR MODIFIED VERSION OF TSE-CHENG LO'S C&C CANYON MAP. IF YOU AREN'T ABLE TO FIGURE OUT WHAT I JUST SAID, HERE'S A BETTER WAY OF SAYING IT.

STFU N00B!

If anyone else finds this offensive, please post here. I would like to hear other peoples thoughts on this.

I was told to take my argument away from the MOD threads.

I do not personally find this all that offensive. It's not targetted at me, and I should not need to take offense to it.

What I find so intriguing as to why you need clarification that Aircraftkiller can be offensive to some people. The best way to deal with it is deal with it is by ignoring it. You don't have any moral obligation to get Aircraftkiller to "tone it down", because he cares about as much for your opinions, as I do for people like Lunchobox.

Well nothing anyone says could offend me cause I feel people can think whatever they want and express it any way they want, and I respect thier though of an event whether or not I agree.

I'm not sure "offensive" is the right word. He is allowed to state his opinion, as we all are.

"Unprofessional" might be more accurate.

The link in the orig post give the story behind it. IMO it's the usual ACK antics, you know some real knee slappers. I've read the whole thread etc and like I said its the usual. There are two post in the Mod forum that are over 5pages & 100post that are two more good examples of ModTopic + ACK = hate, flaming & ignorance. Nothing everyones not familiar with already.

ps you may have to go a page or so back to see the other two threads I'm talking about.

:rolleyes:

Yeah, you ever think it stems from jealousy? Or people finding out that what they're doing is wrong, from an experienced person?

That's how it is when you're at the top... You have so many people trying to take you down.

I completely understand. There is most definatly a certain segment of the community who des-likes you because of your ability and accomplishments. The other half des-like/fear you because of your attitude. Do you care ? Probably not. Why am I saying this ? Just giving an opinion & agreeing with you...I enjoy doing that to show you my des-like for you isn't blinding also proven by example via repairing you in the few games I had the pleasure of playing with you.

Hey bi, bi, bit... *remembers the advice that he gave to ack*...

Mono, my dear friend, please stop this spam because even when the topic is "deleted" (:rolleyes:) it is sent to "The Silo" and is still taking up Crimson's dear server space.

Edit: now I know why they call it the silo! Because they put all the deleted posts there! (sorry I'm a little slow)

Mono1TM6Well, I have watered this post down a lot to stop the one on this thread, which happens to be my only target, and sence it seems to be OT enough to be ignored, I guess I will stop.

Hope no one puts cooking oil and adds hot wires to make it a fire again though.

You will never stop me. Have you even identified in your own mind why it is me alone you wish to stop ? Probably not. You are not : a) the thought police or b)a moderator on this message board. Therefor your attempts to control what people discuss are futile at best especially considering the manner in which you have chosen to 'extinguish the flame'.

I guess since the Admins support this kind of behavior, there is no point in continuing voice our displeasure.

Why did we feel it would be different? Because we were told it would be.

maj.boredom, I never said that I would ban Aircraftkiller for what you perceive as abusive behavior. All I said was that he wouldn't be a moderator, which he is not. I find all the anti-Aircraftkiller threads far more annoying than anything else.

I personally don't like ACK's attitude towards some certain individual of which he sometimes has the right to flame them...

There is no need for this there are enough people turning prefectly good threads in to ACK flames...

ACK = Good map, modder exedra = good guy...

Can we please leave all the ACK flames to rest .

EDIT: The only reason I do not 100% back ACK is his spelling correction posts he really annoys me with those.
