I'm unwrapping a model, and this comes out...  
<http://home.planet.nl/~kuste389/problem.jpg>

I think this is unwrap is wrong. I made it with chilliskinner...  
please, someone...help me with this

slayer! I'm unwrapping a model, and this comes out...  
<http://home.planet.nl/~kuste389/problem.jpg>

I think this is unwrap is wrong. I made it with chilliskinner...  
please, someone...help me with this

You have to do the unwrapping yourself. When you edit the uvw mapping you have to move around the pieces, vertices, etc. until there is no distortion on the model, and either take a screenshot of the uvw edit window, or use chilliskinner to save a picture of the uvw mapping.
