After moving to a new, very fast host: domaingo.de (its a german one so you maybe cannot understand much of the hosters page)
I updated my site:
www.laeubi.de

If you find any problems/errors or dead links, please let me know so I can fix that.

Ooooooooooh getting rid of those nasty, ol' frames made the site look much better than before .

The change on the navbar also makes the site look a little better and more inviting, foldy colapsey nav bars pwn .

Gona go explore the site now .

When your reading German it's not very hard because a lot of the words look like the english words.

One entire year of school german classes and all I can do is count up to ten and ask your name in German .

I took/am taking Latin in school rather than German, Spanish, Italian or whatnot.

Doesn't do much for speaking the other languages accurately, but you'd be surprised how accurately I could interpret any of the romance languages from it, obviously because they're all derived from Latin.

Latin: Dies Bonus

French: Bon Jour
Italian: Il Giorno buono
Portugese: Bom Dias

My school used to give Latin classes, then they had the stupid idea of changing it for French. WTF were they thinking!!!! Damn school commitee!!
