I thought that would get your attention

Anyway, I found a game that is better than renegade, generals, planetside, and Unreal combined!!!!

kawolskydamn it gets really hard after about level 10/11

If you don't know how to play the game, and you're not that good at playing games, than yes it would probably get too hard for you after level 10, but for the rest of us, around level 14-16 (Than it gets really easy after that...)
