Whatever happens it should happen soon this is getting ugly...with the <http://www.clanwars.cc> ladder down and ranks not updating many people are going to leave this game and talk bad stuff about it. Which is not good for the renegade community.

you right, i dont think EA liked westwood much cuz it produced better games then it. thats why
they took there funding so then they could sell there games easier.

I never took much notice of the ladders at all, even when they were working. Never saw much of a
point. :rolleyes:
