Genryu's Blade. Press watch film, wait until it loads and press play:

Xiao Xiao 3. One of my favorites. It might load and it might not. Keep clicking on it to load. When it loads, press play:

That is a game I think is pretty cool. Each click on that I get helps me build a bigger army! So click and I'd be thankful. Also if you click that and on the same page, you create your character, you get extra defense during attacks from my character. I dunno I thought it was a pretty cool game.
