We must bow our heads in prayer for all of the innocent Iraqi soldiers that Hussein is forcing to fight our armies as we go in and take out Iraq. Hussein is evil and is now going to pay for his ignorance in ignoring the United States and her allies. May we lose very few, if any, soldiers of our own. I pray dearly for the souls of the Iraqi soldiers that shall lose their lives in the next week or so of this war. May you and your families be safe during this time. This is something we can't ignore any longer. We are making the right choice and God shall lift us through this and let us deliver the blow that is much needed. In Jesus' name we pray.

P.S. This post will also be added to the Renegade Unilimited site.

we must bow our heads and pray that Bush doesn't kill all of our soldiers for oil...just some of them. Pray that some day some one from congress or the senate will have one of their children fight in a war and die like us. They can make the war but we have to fight and die in them. I want to be

president some day so I can make sure my kids don't die in wars that I start.

We must bow our heads and pray that bush chokes on a prezel or a banana. Ether is fine with me. As long as he can be stopped before he makes the world a smoking crater.

Amen.

I hope your moving to France soon...[edited for kindness]. How Bush has become the bad guy in all this is beyond me. Anti-War types tend to forget that SADDAM IS THE CAUSE WAR IS THE EFFECT.

WHAT THE FUCK DO U WANT BUSH TO DO??? SIT ON THE FUCKING SIDELINES LIKE THE "BRILLIANT" PRESIDENT BEFORE HIM, WHICH THE ONLY THINGS HE WAS GOOD AT ARE: GETTING HEAD, AND LYING ABOUT IT, AND PARDONING BIN LADEN. This is the only thing Bush can do. Should we just say..."Who cares about Hussein and Bin Laden, we don't know if they are a threat anymore. Let's just wait until a couple more of our buildings are knocked down and THOUSANDS of American lives are slaughtered, AGAIN, before we decide to take action, and then let's make sure that they have a chance to get the hell outa their countries to live another day and kill MORE people." I am not for our men dying and having to kill innocent lives...but this is all we can do. To save lives, we have to take lives. Not necessarily the most optimistic saying, but there's no BETTER alternative.

WOW...I actually agree with Duke for once. 0% of Iraqi oil is used by America. And all you anti-Bush people (couldn't figure out a word that is rightly used and yet not too explicit), get a life. Respect the president. I didn't necessarily like Clinton, but I didn't go out and say...fuck him, I hope he chokes on a pretzel. You don't necessarily have to agree with him...but c'mon...he's the PRESIDENT...show some fucking respect!

Ditto. At least Bush was choking of food vs having his INTERN MUCH YOUNGER THAN HIM choking on c0ck. We all know the story...
