I have recently finished my first skin. I want to upload it but don't know where I can do so.

Could someone tell me where I can upload this file? I do need it to be free though as I have very little money.

You could try CnC Ammo.

Talk to SEAL, he's a CnC Ammo skin uploader.

How big is it? I can pu it on my site, it needs more stuff on it anyways. It won't be on my site untill I get my new webhost though, because then I will have infinite room.
