Another good one can be found here

<http://www.onnovanbraam.com/index.php?main=blueprints>

This one's good, but the navigation is in russian, which is a bit tricky,

I have good ones for you too.

<http://www.grammar.com/>
and
<http://www.dictionary.com/>

Next time you insult me, think about it twice. :rolleyes:

...your like an old mini ack.

EDIT:Except ACK actully created things for Renegade.

EDIT 2:And they were good.

I don't know if that was supposed to be a comeback, or just some random statement.

AckPrime maybe.

More to the point, I used to use that suurland.com to model cars.

What specific blueprints are you looking for, cars, buildings, aircraft?

Stop being an idiot and using "gay" for "stupid."

Thanks.
