Griever, please shorten your signature.
It's pointless having to scroll a whole page just to see the next reply.

The site, as a matter of fact should be online over the next day or so as Lefty comes back today and he is in charge of the website. According to Dante he site will be hosted at RenEvo along with the forums. I expect tLefty will want to get things back up and running as soon as possible. It will more than likely be located at <http://www.renevo.com/renalert> when it's done.

Well, my signature was huge, then I got rid of a few things, yes Neon Genesis Evangelion is a good anime, I haven't seen either of the movies yet though, I heard the movie End of Evangelion was better than the other one, and the other one is useless to watch.

WTF, just incase you couldnt figure it out urself by the title of the Page, but these forums are for Renegade and other C&C stuff, not your discussions about your gay little anime shows.

if you want to talk about Anime, go find a different forum.
