In your renegade mods, how come you have one named AIMBOT! :angry:
but the forums looks good.

I think by " your site blows" he means it has a poor layout and bad graphics. You really need to fix it up.

Here, did something quick for you.

Take it, you'll just have to find someone to code it.

I just need to know what people think of it, I don't care if you call it a piece of shit, or what you think of it, I just need to know what you think of it, how to make it better, any problems you have, any slowness, what you do like, what you don't, ALSO I NEED ANYTHING AT ALL YOU HAVE FOR RENEGADE!!! Models, maps, hints, strategies, tactics, mods, skins, ANYTHING ATALL!, Or for any other Game, that belongs in the categories on my site, and Bethesda, Weswood, or Blizzard game, I'm about to update it in just a second.
