This dude who sent me PM's in IRC while I was sleeping...

[10:53] [Unk|Ren]: look...I know about the hacks you made  
[10:53] [Unk|Ren]: I found the site..  
[10:53] [Unk|Ren]: I am very disappointed

\*insert paste from the cheat site\*

[10:53] [Unk|Ren]: I have the link and everything...  
[10:54] [Unk|Ren]: I'm not going to tell anyone..or use the hacks but I just thought I would let you know.....very disappointed..If only everyone new about this...they wouldn't look up to you anymore...  
[10:58] [Unk|Ren]: I used to love playing in your server..because I thought you were a person who didn't support that kind of thing in your server and then I found out that you made those hacks.....>:0 Good Day

Listen... I did NOT compile this EXE! Do you want irrefutable, undeniable PROOF? Run the EXE, do you see the big slide that insults myself and Blazer? Did you also find my phone number and cell phone number? If I made this program, WHY OH WHY would I have put this sort of thing in it?

I mean... duh. Really.

Just found that exe on a site..... it's so obvious Crimson didn't make it.

- 1) She wouldn't insult herself, Blazer or DJLaptop like that.
- 2) If Crimson were to make an app I would say it would be made to a dam better quality than that sloppy peice of shite.
- 3) As Crimson said she wouldn't put her phone numbers on.
- 4) It's so damn similar to the Deathadder aimbot which we know Blazer did not create, even though the name suggests so.

Someone must seriously have a grudge against n00bstories, I am guessing whoever is responsible fro attacking the site probably made these apps aswell.

lol

Gotta love those creative names the fuckers give these hacks....

ACK's Aimbot for example....

And these people....

I had this one dude on the Gen boards constantly saying that "Cypher has single handedly destroyed online C&C. By supporting cheaters and cheats and distributing them freely on his site." w00t?

Some people are so stupid, they beleive anything they read. From what you said it looks like it was probably some ex-member of the community that did make it though. You never know it could be our DOS-ing little friend thats still pissed off that his hacks haven't destroyed the community.

[09:59] [@BrenBot]: Host: [BR] dmaneman is being q-kicked (kick and auto-allow) by [FoD]snipesimo@IRC for: YOU WIN THE DUH AWARD!

[10:01] [@BrenBot]: dmaneman: dude crimson is a fat bitch that ruined renegade by developing these cheats

[10:02] [@BrenBot]: Host: [BR] dmaneman is being BANNED by [FoD]snipesimo@IRC for: YOU JUST RECIEVED THE DUH AWARD

He was later kicked after he confessed to cheating.
