Due to large amounts of spam e-mails I've received lately, most of them being infected with viruses, I'm not able or willing to accept questions via e-mail anymore.

Lion set up a forum for me to work with, so you can visit there and ask me anything within my field of expertise.

<http://www.cncgames.com/forums/forumdisplay.php?s=&forumid=30>

I'll handle just about everything I can.

You have to register first, obviously.
