i went to <http://renchat2.westwood.com/> and guess what, i got an (i guess) error msg:

" It Worked! The Apache Web Server is Installed on this Web Site!

If you can see this page, then the people who own this domain have just installed the Apache Web server software successfully. They now have to add content to this directory and replace this placeholder page, or else point the server at their real content."

they arnt gone, just using a mew server software. they already have somethings back up, like the clan admin ( [http://renchat2.westwood.com/cgi-bin/cgiclient?ren\\_clan\\_manager&request=expand\\_template&Template=index.html&SKU=3072&LANGCODE=0](http://renchat2.westwood.com/cgi-bin/cgiclient?ren_clan_manager&request=expand_template&Template=index.html&SKU=3072&LANGCODE=0) ), and clan info pages (ex: [http://renchat2.westwood.com/cgi-bin/cgiclient?ren\\_clan\\_manager&request=squad\\_info&SquadID=923621&SKU=3072&LANGCODE=0](http://renchat2.westwood.com/cgi-bin/cgiclient?ren_clan_manager&request=squad_info&SquadID=923621&SKU=3072&LANGCODE=0) ). just wait, i bet it will b back soon!

How about we just drop the whole ladder thing, ladder is retarded and Renegade is better without people saying "OMFG I OWN U CUZ I HAVE A HIGHER RANK!!"

K?

ok, look.....those links have nothing to do w/ the ladder. i posted this b/c some 1 had freaked out b/c he went to the renegade home page and the nave bar was gone. im just helping an old friend.

btw, the ladders dont work, at least not the web pages
