LOL yea i know its a load of crap i think the people accusing should be banned too. I have been accused of cheating about 5 or 6 times this week in the FoD server and they cant really get me kicked because i have lots of admin freinds there and everyone knows i dont so tehy can fuck off

I am not even that good but I get accused if I even get one or two headshots now or if I pull of a stunt like taking out a building with a chem trooper.

People are getting paranoid, thats why I only usually play servers with people who know me in now and know I am not a cheat.

*Sk8rRIMuk hangs on for Ren Guard to sort the cheaters from the good players.

Just had a good one.. fastc0nn4 (50 player server) map: hangmans canyon

I get accused of cheating with the follow stats

2 Kills
2 Deaths
13th place
139 Points

And beacuse i hit the accuser with 2 body shots in quick succession (not even killing him)..... I sense some cold war paranoia
