I had to format my hard drive recently because of a virus. I need to find the w3d importer for renx again but forgot where to get it. Where can I get it?

The file is on CNC Matrix

Here you go

Also at <http://www.renhelp.co.uk/Downloads/W3DImporter.zip> for some reason. I don't remember uploading it but it there anyway. Maybe I'll enter it into the database as a download.
