I've seen some people asking about where they can check they're stats and I found one link that still works, though it's just for the game results. Just replace "player" with your WOL name. Sorry if this has been posted already, I looked but see anything about it.

Doesn't work?

The page cannot be found

The page you are looking for might have been removed, had its name changed, or is temporarily unavailable.

Use all lower case letters when you put your name in. I tried that way with uksxtrmx and it worked fine.

Please try the following:

If you typed the page address in the Address bar, make sure that it is spelled correctly.

Open the renchat2.westwood.com home page, and then look for links to the information you want.

Click the Back button to try another link.

Click Search to look for information on the Internet.

The player part of the html page just needs editing.
