OMG!

I formatted my pc, but now I cant install Renegade anymore.

All my hardware is installed correctly, but when I run setup.exe it gives me an error and asks me if I want to send an error report....

Help?

- ColdNoX

RenoxOMG!

I formatted my pc, but now I cant install Renegade anymore.

All my hardware is installed correctly, but when I run setup.exe it gives me an error and asks me if I want to send an error report....

Help?

- ColdNoX

This is a common problem.

Some people have a problem with the graphic system used to install the game....

<http://www.cncnz.com/files/renegade/utils2.shtml#reninstall>

BTW next time use the Technical Support Forums, that would be a better place to get answers to your query.

thx... im gonna try that...

Sorry about wrong topic
but hey nobody reads TECHNICAL HELP FORUM...
