I'd say you're 16 this year. Your lucky year being your 15th, last year.

This year is my "lucky year" too. I'll be 24 on October 24th.

My girlfriend's birthday was 2 days ago and she's 16 now

For those who were wondering the party went well although nobody danced at all and she really had no intention of dancing anyways (girls :huh: ), and we're back together again and happy

oh and happy b-day to YOU!
