Wow, what a moron...

First of all

n. pl. noes (nz)

1. A negative response; a denial or refusal: The proposal produced only noes.
2. A negative vote or voter.

Second of all, Lynne is a female... so your comment is well, moronic in nature.

Third of all, as you yourself have expressed, people in the same group tend to stick up for each other... ACK and Lynne are both members of The Pits forums.

From what he has told me he only asked for help with his mod in one of his threads and then posted again as to why it was deleted and that got deleted too.

unanswerd from earlier ^^

I'm with Warpath too and the way his post's have been delt with in the mod forum has made him like this and flip (it's also effecting our performance as a team too). If he's asking for help with a mod surly that belongs in the mod forum!

If it's presented in a style that someone doesn't like can't that moderator do what the other moderators do reply and lock it!

Most people (who know what they were talking about) would think that this moderator has something personnal against Psychoarmy....

Not to attack anyone or anything, but just my two cents

I know both ACK and PA somewhat personally, and I believe that both of them aren't that bad as you guys exaggerated.

It would be far better to think about how one's feeling from that person's perspective, or point of view,

ACK may be careful with spelling, but he's not anything like Spelling Nazi and stuff like that. He may also be a bit harsh with words, but that's just a person's style. Words cannot kill, nor can it harm you in anyway. If you don't agree with it, then forget about it and pretend that you haven't seen it...

PA is a great modder, extremely talented in modelling. He may be a little ill-tempered at times, but he won't go on edge unless someone enrages him. If your innocent forum posts have been deleted for no reason, you'll be able to understand why he's so angry, especially when no explanation was given. Moreover, from what I have heard, this is supposed to be the official forums for Renegade. Everyone is supposed to have the right to express their opinions, ask for help and talk about related stuff as long as they don't do anything stupid. So perhaps now you can understand how PA feels.

"United we stand, divided we fall".. the community has already suffered enough with the recent loss of Rob, Slavik and Enfestid/Scorpio. I have a feeling that if this argument continues, the spotlight of my next community roundup will be about one of you calling it a day.

Hope that you all can work together and make the community a better place for all of us.
