<http://www.n00bstories.com/irc.php>

Use the java applet to connect to IRC and you don't have to install anything.

Well, I uh clicked connect and I got this The page cannot be displayed
The page you are looking for might have been removed or had its name changed.

Please try the following:

Open the irc.n00bstories.com home page, and then look for links to the information you want.

If you typed the page address in the Address bar, make sure that it is spelled correctly.

If you still cannot open the page, click the Internet Explorer
Search button to look for similar sites.

Internet Explorer
