No, there's a picture that Blazer took of me pretending to lick djlaptop's cell phone... the intent was to show him the picture a couple days later and leave him grossed out that he'd put the phone to his ear....

Some people interpreted this picture as me eating the cell phone.

cowmisfit, if you can't take a simple insult here on the Internet, where the person is a complete stranger, you have some serious issues in real life. It's just a goddamn image, and it's meant for laughs, not insult.

So STFU, Beany was in no way trying to hurt your "reputation".
