I hope your kiddin, I mean it. The ARROW brings no good news. It is the last thing we all see before heading on out to pastures new.

It is inevitable - the arrow will return - and it will bring the death of renegade.

It was something that someone got annoyed with. Then we just really bored and started making up the "Arrow Army" and it killed Devinoch and Delphi when they tried to fight it. But it does represnt evil.

Hehehehe.... It was spotelmo that was annoyed with it. He pointing out the arrow over and over again to Devinoch and Delphi. I mean it annoyed him so much I think he put it in his signature to get rid of the arrow. Nobody really cared except for him. Then you know people started talking

about the arrow and saying how powerful it was. Then Devinoch and Delphi started having fun with it and made symbols out of the arrow.

it was a bit of left over HTML that didn't get deleted, the close of a comment...comment tags being:
<!-- COMMENT -->
someone deleted the beggining of a comment but not the end.

I was about to post that page from http://web.archive.org yesterday but my router stopped working and I got distracted. Anyway that site has an archive of pages for years ago - check out Westwood originally or even yahoo.
