i dont think they were all different colors but i got the recon skin from <http://www.cncammo.com> and the skin was by c4kitty i got almost all my skins there except for my colt .45 skin idk where i got that somethin like dragnid but that skins owns it was made by someone but if they see this i submitted this and i posted there name by the skin so they get the reconition. and i didnt spam n00bstories i just simpley replied to evrey topic under general disscusion LOL!!!! and it gave me quite a few posts fast lol (around 150) but i just replied to evreyone that said somethin to me that is not spam. if replieing is spam then what dose that make us all ?? spammers.
