I don't really care that you use your warez\DDoS connections to terrorize others and try to make yourself look "omg so aews0m" online.

Go away, please.

Uncalled for, how? You must have missed his little dickhead comments about me in the "C&C Hell" thread, saying that my head is stuck up my ass.

Maybe England's attitude jets will be blown out a tad when people know he's nothing more than some fat loser sitting behind his computer, usng "botnets" to flood anyone offline who talks shit about him... Real big man you are! And by big, I mean you're fucking fat...
