The Silo is, just as it was when the forums were hosted at Westwood.com, a restricted section where we move offensive posts to. Some flame war posts can just be locked and left as an example or to give the posters closure, but some posts get totally out of hand and are moved to the Silo.

I toss stuff in The Silo every so often, just due to the total stupidity that can arise from the modification forum.

It's for abuse tracking, too. It's easier to say "This dude does this often" instead of "I think he's done this before".

The moderators are the harvesters, the public forums on this board are the refineries, when

stupidity over flows in the refineries the excess is sent to the silo...
