drkhazeSweet. It won't be long before UksRene is top of that list

lol drkhaze I won't be playing for Superme Commander as I don't live here where my PC is and that is at my mums therefore I don't have time to play for the ladder, perhaps if I get the internet I will play for the ladder and win month after month if I get the net at the house where I live with my girlfriend but the only problem is we don't have a phone line due to unpaid phone bills by my girlfriend and the phone line got cut off and I tried getting it in my name but need proof which I do not have so it will take some time for me
