cliche. what d'you reckon? could be fun? it means engineers can't heal buildings, would add interesting strategies to it.. cheaper units might be used to hit the enemy, since the short damage they do counts. rocket soldiers would actually be used. You'd have to defend harder but attack easier, I s'pose.

Not once have I ever played a game with that feature on...

Could be interesting though... but games would go very fast...

How about Crazy Christmas?

No Base Repair
Friendly Fire
No Time Limit
50,000 Cash
