Xbox == Crap

Really, it does...

(The ps2 sold more last holiday season than the Xbox, hell, even the ps1/psx sold more last holiday season than the xbox. They have always been selling more.)

X-box live is a crock of shit. If you don't live in the states, you gotta pay like \$50 more just for shipping and all of that because Microsoft was too cheap to sell it here. The rates good for the thing by itself, but one bad thing is after a year, you gotta pay monthly(unless you find a way to buy a new one )
