I was watching "Airplane" today. And I came across the hilarious part where one of the passengers, who is sick can only speak in Jive. Then this old lady comes and says some crazy ass lines.

So I did a google search to find a Jive translator, and I found this good one on like the first search result.

Jive is funny "I like to east food because food is tasy, yes food is tasty" gets turned into "I likes t' chew eats becuz eats be tasy, damn straight eats be tasty"

"My kitten is called Mary and she is a fuzzy kitten" gets turned into "Mah kitten be called Mary an' she be some fuzzy kitten"

"I like mexican food because it is very spicy" gets turned into "I likes mexican eats becuz it be real damn spicy"

That Jive translator is funny, try it out people it is hilarious, then send the translation to people on instant messenger and they get confused. . .
