If each registered user pitches in \$29,186, we've got ourselves an official forum / anti-cheater ship. :thumbsup:

It has rooms to accommodate for 1,300 men), and you charge both admission fee and hotel rate. (say you rent the rooms for only \$50 dollars. Per person, times 1,300 and only times 300 days a year, then it is \$ 15 million dollars already

That wont even pay for the auction!

Australia isn't a continent.....Australasia is. And it's unlikely that it was genuine because nobody can own continents.

Kane = The guy in C&C Series.

Cain = The man who killed his brother out of jealousy (from bible).

Kane derrives from Cain.

Abel = Cain's brother (the victim).

Seth = A fictional character playing a high ranking officer of Nod.

Nod isn't an actual place. Its interpreted as a verb.

Btw, The woman who wrote the storyline in the C&C series is now a Nun in Maryland.

Anyway, I'm not surprised that the Aircraft carrier got removed from the listings because I really do not think that all the people that bid for it were all millionaires. Last I saw, the bid was at \$90 million+.
