It's stupid. Why play this shit when you can fire up C&C, the RTS, and play that?

I'm sick of forums being spammed because of "petty games" that you're addicted to. Jack off with it to your friends and leave it there.

Its not even a game...

Its just a slightly different version of Outwar with a C&C theme. A site purely based about getting as many hits as possible.

I give you a hint, A-Dawg...

Remove both of those links, especially the recruit one before Crimson sees this topic.

Just fair warning...
