Let's make one thing clear. Impersonating a moderator / getting accused and going with it = bad. Most server's you'll get kicked / tbanned / banned, even if you are joking. Take this for example..

poll to kick player for reason) !poll tban player reason (starts a poll to temp ban with reason reason) !poll gameover (Starts a poll to end the game)

OH NOS

;0

i aint gonna help pay for a server that allows hacks....

won't. Get the Hell out

you're banned .

play with me and my server that allows hacks

trust in each other and people cna take..

mhz computer

retard, find one that bans you for anything and everything

people enough
