Just a note, the title is General Discussion.

Sure, this may be a renegade forum, but last I checked WS and or EA weren't running it like Germany in 1940.

There's generally nothing to discuss, so we're generally discussing general [OT] stuff instead on the General Discussion forum.

"General Discussion

General discussion of Command & Conquer Renegade"

The links with [OT] arent anything to do with Renegade, so its just making people aware.

Man, if we didn't have OTs, I would never have a 200+ thread in the politics forum that's still running strong. Check it out and vote democratic in 2004.

[the threads name is "OT: Political IQ Test"]
