That kid is one fucked up trip. Even if he thinks it's gonna prove that it's "stereotyping", ban his fucking dope-smoking ass. Democrats and Republicans might not be able to agree on many things, but it doesn't need to become a flame war because of this jackass shooting off his fucking mouth. If he can't tone it down a little then he should be banned.

He said he'd tone down his posts if you let him stay on, consider banning him if his next post is incredibly rude as well.

HaHa..."gangsta." Maybe ghetto trash...but no gangsta. Until he comes up and shoves a glock in

my face, I will not believe that he is a gangsta. He's probably some teenage cocky sob who thinks that he's being cool because he's acting like he's a thug. I could start actin' like a thug an' ya'll believe me because I says some trash talkin' 'bout some political shit. Sees, Ima thug! Fo' sho' ya'll betta believe it, BIATCH!!! Wow...guess I'm a gangsta now...PH34R M3!!!11!!! 0H N0, 1M 4 UB3R H4X0R N0W!!!11!!!!!!!1

You probably didn't mean that...but I still thought it was funny to think of him as a gangsta and wanted to kind of make fun of that idea.

Llama Man 451 apparetly not becasue a grown man such as myself would not need to create another account

If you were such a grown man, you wouldn't need to act so immaturly. Also, no self-respecting adult would post all caps posts. The more you bitch about the idea of you and pimp boy joe being one in the same, the more obvious it becomes that you two ARE one in the same. Just admit it, it's over...you two are one in the same. No shame in backing down on your arguement and admitting it. Keep fighting it all you want, just going to make it harder on yourself.

da_shizno self-respecting adult would post all caps posts.

Why not? Because you wouldn't? You can't speak for everyone, you know.

da_shizThe more you bitch about the idea of you and pimp boy joe being one in the same, the more obvious it becomes that you two ARE one in the same.

You want to know why he keeps complaining at everyone? Because all of your arguements are stupid. All of the people against PBJ in the thread are just building off of what each other say without applying any rational thinking.

da_shizJust admit it, it's over...you two are one in the same.

Just because a majority believes something doesn't make it true.

da_shizKeep fighting it all you want, just going to make it harder on yourself.

No, the only thing that could possibly be making it any harder on him is you people and your B.S. claims.

How about all you people just drop it? You can't prove that those two accounts are the same person, and he already gave a story against everything you've said, but you all just keep coming back and being loud trying to prove something that you can't know.

One. Posting posts in 90% caps is a very bad thing. It not only makes you look like a moron, it says that you *are* a moron.

Quote:All of the people against PBJ in the thread are just building off of what each other say without applying any rational thinking.

Ironic... considering you are doing the exact same thing

Quote:Just because a majority believes something doesn't make it true.

Actually, it does. Factually true is irrelevant, it makes it true in the eyes of the masses, and in the modern world, this is what counts.

Several million think the colour red is the colour green. The rest don't. The rest win, therefore it is "true" that the colour red is red, and not green.

You try coming up with an analogy in a minute.

Tony Bliar can't prove that there are WMD's in Iraq... but look what happened there.

Why? Because you think it does? Moron.

DaveGMMIronic... considering you are doing the exact same thing

As in how? If so, at least I read the whole thread, and am not acting upon the judgment other people pass.

DaveGMMActually, it does. Factually true is irrelevant

So, let me get this straight. You'd rather go along with the rest of the crowd instead of think for yourself and develop your own opinions based on all the information? If everyone in the world thought the moon was 10 feet away from Earth, would that make it true? Hell no.

I'm just wondering, did you misspell Tony Blair's name wrong on purpose in to Bliar?

I have my own opinions. One of them is that you are an idiot.

Oh, but I appear to be going with the majority on this one, so what are you going to do? Turn around and immediately attack me for "being one of the crowd" and not having my own opinions? Pathetic.

To your first point, I will tell you why it proves you are a moron.. well, ok. In this case not you, "you" is a general term here.

Majorities make the world go round. You see it everywhere. You see it in the government, you see it in polls, you see it in schools, for heavens sake. This isn't a question of be being the sole

believer that writing in caps makes you look foolish, this is a majority of people agreeing on this one.

Congratulations, you're the minority!

And now, your last relevant point, as I don't see how I am required to explain my reasons for Bliar to you, I did read the whole thread. You seem to assume that just because I didn't post in it, doesn't mean I didn't follow it.

Learn to not assume.

Just a side note in relation to another thread:

Democracy's (c'mon, see if you can notice the pun, it's not that hard! Even for you P.B.J./Llama man!) are also majority influenced.

SPAM!

While majorities make the world go 'round, I highly recommend self awareness based on going there, seeing it, and living it.

The masses think Bosnia was no big deal and NATO never should have been involved in a Balkan civil war.

Go there and look at a mass grave, and tell me we were wrong to stop that.
