I NEED people who can help me test the last few scripts for scripts.dll 1.4
Specificly, I need people who can make test maps for the 7 scripts left to test (so I can see if they work or not and if they dont work, fiddle with the test maps and the scripts to debug them and find out why)

If you can help, contact me on ICQ 77572965 AIM jonwil2002 Yahoo jonwil2002 MSN
JonathanWilson623@hotmail.com

ICQ or AIM prefered, MSN has been having problems lately.
