Alright, I want to run an infantry only server on the original Renegade maps (Volcano, etc) but I am sick of having to kick people for planting becons and destroying structures. Can I make all of the buildings invincible and have the weapons fac/airstrip gone? I know sniping servers can do this, but I have yet to find an actual download and I want to be able to purchase any infantry (not limited to sniper). Thanks!

Is there any way I can make the buildings undestroyable? Any command I can add? I know the sniperonly one does this, but the infantryonly one doesn't.
