This topic was about using TGA fonts in Renegade, but I scrapped it when I noticed it didn't work. Also I found the original Renegade menu font for sale. So no need to try to recreate the whole thing again.

A pic of Mike Ward and Renegade menu in the background...

about old stuff that reminded me a pictures i saw earlier on your web site.

<http://www.cannis.net/yuri/cgi-bin/schlabo/potd.pl?day=7&month=11&year=2003>

look at the board all the game code where there:

God mode

Kane mode

Nod Mode -> edit its not Nod its Nude LOL

super chicken

Tanya

dunno if there is more infoo that you have on these stuff but this sound pretty interesting. having more info on that would be cool

quantifigon - original extras unlock code.

Right on the wall: Red Alert Retalation poster with Tesla Tank shooting electricity.

super chicken - propably turned you into a chicken.
