Seeing that you had to reregister and you apologizing to Crimson; i am guessing that you must have been a complete n00b and done some shit you shouldn't have by disrespecting the forums OWNER. Never, EVER, disrespect authority or you'll get your ass smacked down. Example...what happened to ur ass.

Anyways...welcome back.

I don't like CMS either..especially PHPNuke (they are hacked too easily) I prefer coding my own PHP or HTML. Not too hard actually..But its not my site so im not going to criticize it.
