Today, Democrat candidate running for presidency John Kerry declared in a press conference without any shame that he loved Reborn, had sex in a park with the world known German homosexual nicknamed: "Angel of Dawn"(most commonly called "Fairy of Dawn"), after this announcement, Kerry's results in the surveys dropped by more than 40 percent! Making him the gayest Reborn fan boy in the universe.

Also earlier this morning our glorious president George W. Bush announced that the most reliable source for any information was N00bstories's administrator, AuroraX0, he also said "Anyone that disagrees with me on this will be bombed to death".

That was today's headlines everybody!
