Ya good job on making him an Op on a support channel so he can come and play God. Wtf is he doing in there anyway? The moron goes around saying who renegade is horrible and how his precious RectumAlert so COOL.

No one will get any help when this jackass in there. He has no purpose there he doesn't play renegade only his mod nor does he host servers so wtf is the point in giving him ops? Just so that he can ban people.

puft, those goes around, and I'm dropping renguard. I'm sure with all the problems other people will too.

^^ fixed lol

Also, just get tech help with renguard from someone else. People like crimson and blazer are unbiased. Gotta love devs that know how to do treat people with respect.

Some facts? ACK is the biggest dumbass in renegade. He fucking banned clearshot - "the" [DoA]Clearshot from the n00bstories server for shooting him in the head with a sniper, 1 time... WTF? To many people Clearshot is one of the best players in Renegade, but hey, leave it to ACK to do what he wants.
