I was wondering if RenGuard will stop MooHack... The newest cheat out. I heard it is really hard to stop and the guy who made it made it so it could get past renguard.

Thanks

To be honest I am unaware of the moohack, from the name I assume it involves the use of one of the m00_* scripts....if that is the case, yes it will stop that.

Heres the list.

Here is a list of MooHack vs 6.8

chars and tanks have +100 hp and armor

chars and tanks cost 500 credits less then norm

Nukes take 2 times longer to dissarm

u gain points 2 times faster

u can shoot threw walls

u can do solo wall jumps

with 1000 credit snipers if u see someone on your screen hold k and fire and it homes in on any person from the other team on your screen..... only works when AIM bot is off

if u are a sbh or a stank and u fire you can hit L and it will restearth u right away

the AIMBOT is highly advanced from anything ever made. auto locks on the head of any person on other teams.

the pistol hack. this pistol hack is used for anti tank ... 1 shot from a pistol can kill any tank from either GDI or NOD

Dark sight. this makes it so u can see sbh and stealth tanks no matter what

website to DL it :

Who give's a fuck!

You think talking about this hack help's ? If you really were anti cheat don't you think you would hand this info to crimson or "renguard" in private. You people need to learn one thing: TRUST now you might think this word is small, but these's people are trying to stop these's cheats by making an anti cheat system for the public to use and you need to bring it down. Moohack "come on" ffs You cheater's need to get a life and stop this. If you have nothing good to bring to renegade "get to fuck" come on people grow up. I've been in a team for awhile where we play for the fun of it, not to be the best!. I won't even bother giving the name because i see people like to try there hardest to take the good guy's out. Crimson i wish you and your team the best in fighten these's people that are trying to bring Renegade down. And to all the kids that thing there doing THE world any better by being kids and making renguard forums BETTER with there crap info on cheat's. People should respect the system and private message the staff of renguard if you have a real cheat thats worth "Making a point about" Ps. Give the renguard team time to sort there problems with there anti cheat program, as there's plenty of people using software that might no like renguard. Thx Davie...
