Was just wondering what is Mirror 1/2?

I downloaded Mirror 1 and am allowed in RG servers but non RG servers I still find people having double kills without RenGuard doing anything, are double kills with 1 shot possible without cheats and does RG auto kick a cheater? Just wondering... :/

It is possible to have multiple kills with one shot w/o a cheat as some of the weapons in Renegade do go through multiple bodies before stopping. And yes, RenGuard will kick cheaters as well as not allow to join a RG server if cheats are detected.

Double kills without cheats, but with one shot are possible!

(if ur a havoc or sakura u can shoot a char. or more than one if they are in a streight line !) with headshots or if they are normal chars. like normal soldiers!

(u can do it with the 500credits snipers, too! but only headshots then!)

Like majikent already said!

On CTF servers, a double or tripple kill is possible. When you kill the flag holder sometimes 4 people will get a kill for one person. Remember that before slinging cheating accusations.
